PROFESSIONAL SUMMARY

Full-Stack Web & Mobile Developer with strong backend skills and a solid foundation in Data Structures & Algorithms. Experienced in building cross-platform apps and health systems with React, React Native, Node.js, Python, and modern databases. Skilled in creating responsive UIs, integrating cloud services, and delivering end-to-end features.

EDUCATION

Bachelor of Technology (AI ML)	2024 - 2028
Newton School of Technology (ADYPU), Pune	Grade: 8.77/10.0
Intermediate (Class XII)	2021 - 2022
S. D. Senior Secondary School, Narwana	Grade: 80.2%
Matriculation (Class X)	2019 - 2020
S. D. Senior Secondary School, Narwana	Grade: 94.8%

INTERNSHIPS

Frontend Intern	May 2025 - July 2025
Advith ITeC Private Limited	<i>Remote</i>

- Engineered the **primary onboarding page** from scratch, optimized UI flows, built reusable components, and integrated design improvements that strengthened the overall user experience and aligned with the product vision.
- Rebuilt a **client website** using **React.js**, **TypeScript**, **Tailwind CSS**, and **Aceternity UI**, delivering production-ready components, improving accessibility, and refining the overall UI/UX experience.
- Integrated **frontend modules** with **Node.js APIs**, ensured reliable data exchange, resolved interface inconsistencies, and applied TypeScript effectively while collaborating within a three-member development team.

PROJECTS

CraftBook (Github) (Demo)	September 2025
--	----------------

- Built a cross-platform mobile app for artists to showcase, buy, sell, and request commissioned artworks.
- Developed the frontend using **React Native (Expo)** with support for both **Android** and **iOS**.
- Implemented the backend using **Node.js (Express)**, **Prisma**, **Supabase**, and **Cloudinary** for media storage.

Flow Sync (Github) (Demo)	April 2025
--	------------

- Built a **full-stack** menstrual health tracking web app with cycle logging, ovulation prediction, and journaling features.
- Developed a responsive frontend using **React.js** and a scalable backend using **Node.js**, **Express.js**, and **MongoDB**.
- Implemented secure **user authentication**, **REST APIs**, and cloud-based data backup using the **Google Drive API**.

CERTIFICATIONS

Internship Certificate Advith ITeC Private Limited (Link)	May 2025
Completed a hands-on internship focused on building and improving production-ready frontend features.	
Generative AI for Everyone Coursera (Link)	March 2025
Completed an introductory course on generative AI concepts and basic applications.	
AI For Everyone Coursera (Link)	March 2025
Completed a beginner-level course on core AI fundamentals and practical understanding.	

SKILLS

Computer Languages: Python, TypeScript, HTML, CSS, JavaScript, SQL

Data Tools: PostgreSQL

Software Packages: Express JS, React Native, Prisma ORM, React, Node.js, MySQL, MongoDB

Soft Skills: Communication Skills, Leadership, Creativity, Teamwork, Critical Thinking

Others: Git and Github, Supabase, OAuth 2.0
